Data-cable

LEONI Dacar® 546 - 2x0,35sn-A

Operating temperature (3000 h)
-40° C bis +125° C

Thermal Overload (6h) similar to ISO 14572
max. +155°C

Design characterization

Conductor:	stranded copper wire, tinned, Eu ETP1 acc. To EN 13602
Insulation:	PP with ISO 6722 class B compliant properties
Stranding:	Pair stranding
Sheath:	TPE-S, colour: customer specific
Characteristic impedance:	100 ± 10 Ohm
